"Who are you going to call?"

Seeking Updates on Active Code(s)

Staff are reminded to seek updates on active code(s) from their immediate supervisor.

Emergency Ext: "3-3-3-3"
call to activate code response (i.e. emergency)

**Emergency extension receives FSO highest priority and is immediately answered

FSO Help Line Ext: "2-6-0-0"
call to request FSO assistance (i.e. non-emergency)

*Ext. 2600 may not be answered immediately, as the emergency ext. 3333 takes priority.

It is important to keep in mind that the FSO Control Room deals with time sensitive response requirements and tasks that must be complete in order to assist with emergency response to incident.
