Safe & Well Waypoint

STAFF VACCINE CLINICS: Flu & Covid

COVID-19 and flu vaccines are an effective and a safe strategy to protect people from developing serious illness and complications from the viruses. Serious illness and complications can lead to hospitalization, and even death. People 6 months of age and older can get their COVID-19 and flu vaccine at the same time.

Waypoint's annual Flu Vaccine Clinic started this week.

- As usual drop-ins and mobile vaccinations will be available over the next couple of months.

Covid Vaccination

- This year we are also pleased to offer early access for hospital staff to the new COVID-19 XBB.1.5 vaccine.
- This has just been released for priority groups, and is anticipated to be available in the community at the end of the month.

Flu Vaccines

- Waypoint's 2023 Flu Campaign started Oct. 6th, with flu shots available for 2 months
- Drop-in's flu shots are available in the Occupational Health Office, Level 2 Admin (A259)
- Please see attached schedule for October and November dates – [also posted on the Intranet](#)

COVID-19 Vaccines

- The COVID-19 XBB.1.5 vaccine will be **available from Oct. 12th to Oct. 27th** in Occupational Health Office, Level 2 Admin (A259).
- Please see the attached schedule for availability – [also posted on the Intranet](#)
- COVID-19 vaccination is recommended for individuals who have not received COVID-19 boosters or contracted COVID-19 in the previous 6 months.
